Multiculturalism Wikipedia

January 19th, 2019 - Multiculturalism is seen by its supporters as a fairer system that allows people to truly express who they are within a society that is more tolerant and that adapts better to social issues They argue that culture is not one definable thing based on one race or religion but rather the result of multiple factors that change as the world changes

Race human categorization Wikipedia

January 16th, 2019 - A race is a grouping of humans based on shared physical or social qualities into categories generally viewed as distinct by society First used to refer to speakers of a common language and then to denote national affiliations by the 17th century the term race began to refer to physical phenotypical traits Modern scholarship regards race as a social construct that is a symbolic identity
