January 16th, 2019 - Symantec security products include an extensive database of attack signatures An attack signature is a unique arrangement of information that can be used to identify an attacker s attempt to exploit a known operating system or application vulnerability When Intrusion Detection detects an attack

Planet Vectorworks

January 17th, 2019 - I think when clients or suppliers walk into our studio at Ann Marie Powell Gardens theyâ€™re surprised to see so many screens I can understand why people donâ€™t consider garden design to be an IT focused profession but there is no denying that my colleagues and myself are working in Vectorworks most of the time
